

Pentecost Term - May 2015

Dear Parents and Carers,

Although short we have had a busy and fulfilled half term.

Sacrament of First Holy Communion

The members of staff who attended last week's First Holy Communion felt privileged to be present when some of our children from Year 3 received the Body of Christ for the first time.

We look forward to celebrating with our remaining candidates this Saturday in St Vincent's church at 11am.

Assemblies

Our children in Year 3 and Reception classes enjoyed sharing their work in assemblies celebrating Pentecost and The Hungry Caterpillar. A huge thank you to all of you who were able to join us it makes a huge difference to the children when they see a familiar face in the crowd.

Science Day

Sophie's visit did not disappoint, the children and staff had an amazing day. From digging up fossils to solving crimes, the children really did gain so much from our science day.

On Monday in assembly we shared the experience again in a movie collated from photos taken during the visit. It was a real spectacle with which to end our WOW day from Sophie the T-Rex Dinosaur

My Maths

We have been using this for several weeks now. If you have any concerns or questions please inform the office so that Mrs Wright can run some sessions to support you in working with your child.

Educational Visits

The children and staff who were lucky enough to join the educational visits had a marvelous time. All classes of children were commended by the adults working in the various venues for their good behavior. Well done to everybody and thanks again to the PTA for subsidising the cost of the visits.

Attendance

The overall winners for the attendance for the month of May is Y6... well done!

School uniform and lost property

A number of children are already wearing summer uniform, can you please ensure that your child has a cardigan/jumper in school for time spent outdoors. Lost property is placed in a box and located in the school reception; please check if you have missing items.

What's coming up?

When we return after our half term holidays, we look forward to a Safety Week in Y2 which, amongst the variety of activities designed to teach our children how to stay safe, will include a visit from our local fire station.

We have a busy half term coming up; please check the diary dates posted on our website as it has been necessary to change some of the dates

Enjoy the half term break with your families

With every good wish

Mrs Lake
