Sustainability	<ul style="list-style-type: none"> For all activities that involve external coaching school staff have been involved in the delivery and have, therefore, acquired the necessary skills to deliver high quality PE. Our links with the high school will develop even further through the work of the St Alban Catholic Academies Trust. In terms of consumable resources if the current funding ceased to exist we would endeavour to find funding from elsewhere. The extra funding has allowed more time and focus on the promotion of sports and being physically active and healthy. This has created a 'Healthy Living' ethos around the school. More children are being encouraged to participate in school sports, trials and competitions; others are showing a keen interest to participate in extra-curricular clubs or sports outside of school.
