21st October, 2023

To the staff and pupils at St. Vincents,

We are writing to send our thanks to you all for the donation that you collected for Dunstable Foodbank this Harvest season.

Through your Harvest Festival, you donated an incredibly generous **83kg** of food to us, which is the equivalent weight to us providing around **75 meals!** The people we help at the Foodbank are some of the most vulnerable families in our community and your donations will enable us to continue supporting them.

Like last year, the number of people we provide food parcels for has increased again, and we expect the need will continue to grow as we move into the winter period. Therefore, we are very thankful to everyone who donates to the Foodbank as it means that we will have enough food to continue the work that we do, helping those who are most in need through difficult times.

Thank you again from the team at Dunstable Foodbank and we wish you all the best with the rest of the school term.

Many thanks,

From all of us at
Dunstable Foodbank
